What is FORTE and what does FORTE do for you?

FORTE is an independent, not for profit organization consisting of parents and teachers. FORTE supports and advocates for the Lindbergh School District elementary, middle, and high school string programs. Some of the ways FORTE has helped are by providing financial assistance for teacher professional development, offering scholarships to two seniors per year, providing tickets to the St. Louis Youth Symphony concert at Powell for string families, assisting financially with maintaining MS/HS classroom instruments (cello/bass), and even providing assistance with Summer String Camp as needed.
